

DELTA REGION VOLLEYBALL AGE WAIVER APPLICATION

The Delta Region has the ability to grant age waivers to allow athletes who missed the birthday cut-off date of September 1, to play with their classmates. Age Waivers are only granted to allow players to play with their classmates and not granted for developmental purposes. Age Waivers are only valid within the Delta Region. Teams with an age waived player who travel outside the Region must notify the tournament director and seek approval for the player to participate. Younger players who participate in an older division do not need a written age waiver. Guidelines for the waivers include the following:

- The Age Waiver Application must be completed by Club Director and approved by the Delta Region Commissioner.
- Age waivers may be voided due to false or misleading application.
- The Age Waiver Applicant may not participate in the Delta Region Bid Qualifier or any USAV National Event.

Please complete the following application entirely. The Delta Region Commissioner will review the application. If the age waiver is granted, it will only apply to **DELTA REGION SANCTIONED TOURNAMENTS**. This age waiver may not be allowed in tournaments outside of the Delta Region. If granted, the Delta Region Registrar will place the waived player on the team roster. The waived player will have a (-W) beside their name on their perspective team roster. Once a waiver has been granted, only the Delta Region Registrar may move the player on the Club's team rosters.

AGE WAIVER EXAMPLE:

GRADE IN SCHOOL	AGE GROUP
6th	12
