

# 2018 DELTA REGION HIGH PERFORMANCE

---

The 2018 Delta Region High Performance Camp athlete selections have now been posted to the Delta Region website at <http://deltavolleyball.net/juniors-2/> . As always, the selections were difficult. Many experienced athletes (*some who had been chosen for previous camps*) did not receive adequate evaluations from the 32 evaluators at our four tryouts. Please Note: Selections were made by specific positions.

Congratulations to the athletes below that have been chosen to attend the 2018 HP Camp to be held May 26-27 in Batesville, AR. Athletes chosen to attend the camp will be sent a registration link on Monday evening, April 23. Invitations must be accepted, along with the \$230 camp registration fee, by 5:00PM on April 30. After this date invitations will go out to alternates.

If invited to attend this year's HP Camp, please be sure to pay attention to the instructions on how to register and the applicable deadline. Once the deadline has passed for your invitation, you will lose the opportunity to attend the camp and another athlete will be invited.

At times, someone issued an invitation does not accept. In this case an alternate athlete will be contacted to fill the open spot. Alternate athletes who are issued an invitation will need to register online for their spot **within 48 hours**. It is essential that any alternate who is notified of an invitation to attend, should pay close attention to the posted deadlines so as not to lose the opportunity. In addition, all invitations from the alternate list are made by email only...so check your email daily. Once all of the invitations have been accepted an email will go out to all Delta members to let them know that registration is closed for this year's camp.

Athletes who are not selected for this year's camp should not be discouraged. Delta Region HP values highly: Hard work, determination, and improvement over time. Every year is a new tryout year and Delta Region HP looks forward to athletes trying out in the following year. In the meantime, athletes who do not make Delta Region HP Program should contact their club for camps near their geographical area. There are excellent camps being operated in all parts of the country – your club director can help identify a great place to train over the summer.

Thanks to the 400 athletes who tried out this year for the Delta Region HP program! And thanks to all of the many volunteers that helped us with the four tryouts!
